Before March - when the latest lock down closed the school, MPS Head Teacher Joshua was in liaison with our new 'partner' school Euxton C of E Primary school to share pictures / videos of the children taking part in physical activities. We're guessing they represent 1) A gymnastic pose 2) Acting of bringing home the shopping 3) Sack race. Feel free to comment on what you believe the children are doing - one thing's for sure they certainly are having fun!

Thank you to our wonderful School Council for our delicious win. treat this afternoon! We thoroughly enjoyed the hot chocolate and marshmallows whilst listening to Christmas carols 🍰 😊

We served hot chocolate, of course with marshmallows. We also sent a gift of juice and biscuits to Mikoroshoni Primary School, Kenya.
